### Hand Pumps & Fuel Meters

**Pump Type:** Rotary

**Flow Rate:** Up to 10 gallons per 100 revolutions

**Nozzle Type:** Metal

**Hose Type:** UL listed gasoline hose with S.S. static wire

**Hose Size:** 8 ft (2.5M) x 3/4in

**Tank Fitting:** 2 in. NPT

**Suction Pipe:** Adjustable to 40 in.

**Unique Feature:** Rotary action & handle locks for security

**Use With:** Diesel fuel (BioDiesel blends B20), gasoline (alcohol blends E15), hydraulic fluid, kerosene and oil (up to 30 wt.)

**Approvals:** UL Listed

**Warranty:** 2 Year

---

**Pump Type:** Rotary

**Flow Rate:** Up to 8 gallons per 90 revolutions

**Nozzle Type:** Sput

**Hose Type:** N/A

**Hose Size:** N/A

**Tank Fitting:** 2 in. NPT

**Suction Pipe:** Three-piece metal

**Unique Feature:** Light duty rotary action pump

**Use With:** Diesel fuel, hydraulic fluid, kerosene & oil (up to 10 wt.)

**Approvals:** None

**Warranty:** 90 Days

---

**Fuel Meters**

**PBL Fuel Meter 426-111**

The PBL fuel meter measures fluids up to 50 psi, with a rated flow of up to 20 gallons per minute. Comes with 3/4" NPT inlet and outlet. Easy to read gallon measurement. Will work on gravity flow tanks.

**PBL Piston Hand Pump 427-5400**

A lightweight hand pump with stainless steel piston liner, inlet screen and shaft to prevent corrosion. Comes with hardened steel pivot pins. Teflon piston seals for long life and smooth operation. The integral nozzle holder in housing provides a nozzle holder and prevents contaminants from entering hose. Bung adaptor adjustable so pump can be rotated to any position. One quart per stroke gives fast efficient transfer. Equipped with a locking mechanism to prevent theft. Units come complete with 8" hose, die cast aluminum nozzle, and inlet suction pipe and bung adaptor.

Modern Ag Products, Ltd.
Great Buy!

Industrial Lever Action Grease Gun
Short stroke feature lets you work in confined areas. Three way loading - 14 ounce cartridge, bulk or suction. Equipped with 5-3/8" pipe, coupler, bulk loader fitting and non-slip vinyl grip. Develops up to 10,000 PSI. Zinc plated

**PROFESSIONAL LEVER ACTION**

**PART NO.** 422-1082  
**MFG.NO.** W54202

Professional quality gun for the demanding user.

- Short stroke “lever action” for easy use in tight spaces
- Air bleeder valve eliminates air lock
- Comfortable handle grip
- Uses standard 14 oz. grease cartridges

**PISTOL GRIP**

A strikingly different grease gun requiring only one-hand operation. High-quality finish to prevent rust and corrosion. Three-way loading; cartridge, bulk, loader nipple. Gun takes all 14 oz. and 14 1/2 oz. Cartridges. Coupler has ball check to prevent leakage and loss of pressure. 422-4570 Comes with metal tube and 422-4571 comes with 12” hose.

**ECONOMY**

An economical solution for light duty applications.

**Grease Guns**

- Uses standard 14 oz. grease cartridges

**PART NO.** 422-1084  
**MFG NO.** W54203

- Black mat painted finish
- Knurled barrel for secure grip
- Short stroke “lever action” for easy use in tight spaces
- Uses standard 14 oz. grease cartridges
GREASE GUNS

422-4574 • MFG # 1132
Pistol Grip Grease Gun W/Extention
Fast, one-handed operation with similar features and benefits of Lincoln lever type grease guns. Includes 5” extension with coupler.

422-4575 • MFG # 1133
Pistol Grip Grease Gun W/Flex Hose
Same as 422-4574 with 18” whip hose and coupler.

422-4576 • MFG # 1134
HD pistol grip grease gun
Extra-heavy duty pistol grip grease gun. Cast head design. Jam-proof toggle mechanism binding or accidental bending of plunger. Exclusive “flip-over” follower allows a superior seal for either cartridge or bulk loading. Extra-heavy follower spring insures positive priming and uninterrupted pumping action.

422-1085 • MFG # 1142
HD Lever Grease Gun W/Extention
Rugged cast pump head for strength and durability. Jam-proof toggle mechanism binding or accidental bending of plunger. Exclusive “flip-over” follower allows a superior seal for either cartridge or bulk loading. Extra-heavy follower spring insures positive priming and uninterrupted pumping action.

422-1086 • MFG # 1147
HD Lever grease gun W/flex hose
Similar features to the 422-1085 has 18” whip hose and coupler; flip over set for cartridge.

AIR POWERED GREASE GUNS

Air Powered

422-4575 • MFG # 1132
Pistol Grip Grease Gun W/Flex Hose
Same as 422-4574 with 18” whip hose and coupler.

422-1085 • MFG NO. 1163
Full automatic operation—cycles continuously when trigger is pulled, self priming
Low operational noise
CE certified, patent pending
40:1 air motor capable of 6000 psi. Air operating range 40-150 psi
Three-way loading with optional 91108 filler nipple
6000 psi maximum pressure; outlet opening 7/16” UNEF

422-911 • MFG# M582DB
• Pistol grip
• Great for automotive, workshop & marine applications.

Power Luber

422-1086 • MFG # 1147
HD Lever Grease Gun W/Flex Hose
Similar features to the 422-1085 has 18” whip hose and coupler; flip over set for cartridge.

422-913 • MFG NO. 1244
• Powerful 12 volt motor
• Planetary gear drive
• High-capacity 12 volt NiCad battery
• Machined and hardened piston
• Plated steel barrel with exclusive flip-over follower for convenient for filler nipple (not included) three-way loading

422-1085 • MFG # 1142
HD Lever Grease Gun W/Extention
Rugged cast pump head for strength and durability. Jam-proof toggle mechanism binding or accidental bending of plunger. Exclusive “flip-over” follower allows a superior seal for either cartridge or bulk loading. Extra-heavy follower spring insures positive priming and uninterrupted pumping action.

422-1086 • MFG # 1147
HD Lever grease gun W/flex hose
Similar features to the 422-1085 has 18” whip hose and coupler; flip over set for cartridge.
FUEL & LUBRICATION PRODUCTS

National Spencer
Pump for Gear Oil
Fits full open head pails through 6 1/2 gallons. Includes pump, pail cover, and 4 feet of clear vinyl hose with curved discharge nozzle. Shipping wt. 8 lbs. Piston hand pump. Pail cover fits full open pails through 6.5 gals. Has 48-inches of clear vinyl hose. Curved discharge nozzle. Easily dispenses through 140 weight oil. Heavy duty steel construction. Simple installation (pail not included).

PART NO. MFG NO.
422-322 321

Gun Filler Pump
Fits full open head pails through 6 1/2 gallon size. Includes pump, pail cover, follower plate with gasket and one nipple. Shipping wt. 8 lbs.

PART NO. MFG NO.
422-450 328

Lever Type Barrel Pump
Fits 15 through 55 gallon drums with 2 inch bung opening. Pump has steel piston with two brass piston rings. Curved discharge spout has garden hose threads. Includes steel telescoping tube assembly with neoprene seals. Dispenses approximately one pint per stroke. Shipping wt. 7 Lbs.

PART NO. MFG NO.

Piston Pump Oiler
All steel body with double seamed base. Flared base for added stability. Zinc die cast high pressure pump with ruggedly constructed precision ground piston. High volume of fluid delivered with each stroke. Oiler stays primed for instant use. Copper bronze finish specifications: 6 oz. Capacity; 6” flexible spout; 6 per carton.
422-606 .... 606

Junior Pump Oilers
Drawn steel container with a double seamed base. Zinc die cast high pressure pump with a ruggedly constructed precision ground piston. Spout is removable for quick replacement or conversion. All spouts in this series are interchangeable. Copper bronze finish specifications: 12 oz. Capacity; 8” flexible spout, 6 per carton.
422-707 .... 707

Heavy Duty Pump Oiler
Built of heavy gauge steel that will stand up to rough use. Delivers either a drop or stream of fluid. Easy-to-use filler cap eliminates messy pumps. Replaceable brass spout tip. Copper bronze finish. Specifications: 24 oz. xible spout; 6 per carton

**Self-Venting Gas Cans, Starter Fluids**

**Fuel Supplements & Additives**

---

### 1.25 Gal Self-Venting Gas Can

Holds 1 gallon 4 ounces of your gas and oil mixes. Features the self-venting spout with convenient top handle and back grip for ease in carrying and pouring. Made of durable HDPE.

**PART NO.** 429-81005 / **MFG NO.** 50805

### 2.5 Gal Self-Venting Gas Can

Holds 2 gallons 8 ounces of your gas and oil mixes. Features the self-venting spout with convenient top handle and back grip for ease in carrying and pouring. Made of durable HDPE.

**PART NO.** 429-81010 / **MFG NO.** 50810

### 5 Gal Self-Venting Gas Can

Holds 5 gallons featuring the self-venting spout. Convenient top and back handles for ease in carrying and pouring. Made of durable HDPE.

**PART NO.** 429-81033 / **MFG NO.** 50833

### 5 Gal Self-Venting Diesel Can

Holds 5 gallons featuring the safety enhanced self-venting spout. Convenient top and back handles for ease in carrying and pouring. Made of durable HDPE.

**PART NO.** 429-81054 / **MFG NO.** 50854

### 2+ Enviro-Flo™ Plus Kerosine Can

Holds 2 gallons, 8 ounces of kerosine and meets California Air Resource Board (CARB) and EPA requirements for portable fuel containers. Includes handy, Enviro-Flex™ extension tube.

**PART NO.** 429-81017 / **MFG NO.** 81017

### Self-Venting Spout

Spout fits the Blitz Self-Venting line of containers.

**PART NO.** 429-52101 / **MFG NO.** 52101

---

**POWER SERVICE**

**Diesel Fuel Supplement**

Disperses water in diesel fuel to protect fuel injectors and extend life of filters. Cleans fuel injectors. Disperses heavy fuel residues in the diesel to a more burnable size to prevent future buildup of carbon deposits. Reduces high-sulfur wear rates.

**PART NO.**

GLASS CLEANER
The multi-purpose spray with ammonia, cleans windshields and all glass windows.
GC-1 19 OZ.
12 PER CASE

SUPER GLUE 20g Bottle Dynatex
Super Glue is a fast setting, low to medium viscosity adhesive for all types of substrates. Offers viscosity and flow characteristics that are ideal for filling small gaps.
PART NO. 803-49431/ MFG. NO. 49431
BASE COMPOUND...................................................ETHYL CYANOACRYLATE
APPEARANCE ......................................................COLORLESS LIQ.
VISCOSITY (CPS @ 68°F) ........................................100 CP
SETTING TIME METAL/METAL......................................20 SECONDS PLASTIC/PLASTIC ..........................7 SECONDS RUBBER/RUBBER: ..........................5 SECONDS

QUICK GEL
INSTANT ADHESIVE
A "STAY-PUT" INSTANT ADHESIVE. QUICK GEL WON'T SOAK INTO POROUS SURFACES
3GM
Industrial production and maintenance applications have been greatly expanded with the introduction of quick gel instant adhesive. This new material won't run, string or soak into porous surfaces. Bonds a wider range of substrates than traditional instant adhesives: leather, cork, foam, epoxy, glass, wood and more including plastic, rubber and metal. Mfg. No.: 81777

ANTI-SEIZE 1oz
Dynatex Anti-Seize is a heavy-duty, economical industrial anti-seize lubricating paste containing very finely divided metallic particles in a special no-melt petroleum base grease. Leaves a protective film that seals and protects metal parts even under the most extreme conditions of heat, pressure, steam and water exposure.
PART NO. 803-49501/ MFG. NO. 49501
COLOR ..............................................................SILVER GREY BASE OIL ................................................PETROLEUM THICKENER ................................................SYNTHETIC TEXTURE ................................................BUTTERY

LOCKNUTS THREAD-LOCKER
LOCK AND SEAL THREADED FASTENERS WITHOUT DISASSEMBLY
No need to disassemble parts. After lock is both a penetrating thread-locker and sealant. One drop applied to pre-assembled fasteners will lock and seal to eliminate vibration loosening and corrosion. Brush applied to welds and other porous metal parts will seal porosities.

ANCIENTE THINCHER 8oz
Dynatex 49558 Anti-Seize prevents seizing, fretting, pitting, galling and corrosion on all types of metal parts at temperatures between -200 and 2000 degrees F. Protects against corrosion between dissimilar metals. Eases assembly and disassembly. Extends part life while increasing high temperature reliability. Resists water, salt solution, and most shop and automotive fluids. Top of can has a brush attached inside for easy and quick application

**FORM-A-GASKET - RED**

This high temperature silicone makes gaskets for 600°F continuous operation and 650°F intermittently. Resists aging, weather and thermal cycling without shrinking, cracking, or hardening.

- Temperature Range: -80° F To 600° F
- Tensile Strength: 230 PSI
- Solvent Resistance: Toluene And Xylene.

**SPECIFICATIONS:**
- Type: Viscous Liquid
- Color: Red

---

**FORM-A-GASKET NO. 3**

Non-hardening sealant (brown) conforms to MIL-S-45180B (ORD) type III a non-hardening, liquid, brushable sealant. Originally made for the aviation industry, now in universal use. Excellent for:
- Sealing close-fitting parts, water pumps, coolant and heating hose connection, threaded assemblies. Like form-a-gasket # 1 and # 2, resists water, steam, kerosene, gasoline, oil, grease, mild acid, alkali and salt solutions, allphatic hydrocarbons and anti-freeze mixtures.
- Temperature Range: - 65° To 400° F, Pressure To 5,000 PSI.

**FORM-A-GASKET NO. 1**

Hard-setting sealant (brown) conforms to MIL-S-45180B (ORD) TYPE 1 A fast-drying, hard-setting, heavy-bodied sealant.

- Temperature Range - 65° TO 400°F, Pressures To 5,000 PSI. Apply with spatula or putty knife.

---

**FORM-A-GASKET NO. 2**

Pliable-setting sealant (black) conforms to mil-s-45180b (ORD) type ii a non-hardening, heavy-bodied, pliable sealant for semi-permanent assemblies.

- Use on: Cover plates, flanges, threaded assemblies & hose connections.
- Ideal for metal-to-metal assemblies.
- Allows easy disassembly.
- Temperature Range: -65° To 400°F, Pressures To 5,000 Psi.

---

**AVIATION FORM-A-GASKET NO. 3**

Non-hardening sealant (brown) conforms to MIL-S-45180B (ORD) type III a non-hardening, liquid, brushable sealant. Originally made for the aviation industry, now in universal use. Excellent for:
- Sealing close-fitting parts, water pumps, coolant and heating hose connection, threaded assemblies. Like form-a-gasket # 1 and # 2, resists water, steam, kerosene, gasoline, oil, grease, mild acid, alkali and salt solutions, allphatic hydrocarbons and anti-freeze mixtures.
- Temperature Range: - 65° To 400° F, Pressure To 5,000 PSI.

**FORM-A-GASKET NO. 1**

Hard-setting sealant (brown) conforms to MIL-S-45180B (ORD) TYPE 1 A fast-drying, hard-setting, heavy-bodied sealant.

- Temperature Range - 65° TO 400°F, Pressures To 5,000 PSI. Apply with spatula or putty knife.
Gasket Remover
Removes all types of gasket sealants and gasket makers. Softens burned on pre-cut gaskets for easy removal. Minimizes sanding and scraping. Prevents damage to flanges. For removing gasket and sealant residue from sealing surfaces.

13.25 OZ. AEROSOL CAN, 12 PER CASE.
PART # 803-80804 • MFG# 80804

PRO-LOK THREADLOCK

Blue RTV Silicone
Replaces most pre-cut gaskets. Won’t foul computer sensors. Resists high pressure and temperatures from -80°F to 600°F (-62°C to 315°C). Resists oil transmission fluid, water and antifreeze. For use on water pumps, valve covers, oil pans, rear end housings, transmission pans, timing covers and thermostat housings.

PART # 803-24250 PART # 803-24206
(Removable) Blue anaerobic thread-locker for fasteners to 3/4” in diameter. For locking and sealing carburetor screws, valve cover bolts, water pump bolts, thermostat bolts, rocker arm adjustment nuts, power tools and more. Formulated to meet the category requirements of MIL-S-46163A.

803-24250 ...... 24250 ...... 1.69 FL. OZ. (50 ML)
803-24206 ...... 24206 ...... 0.20 FL. OZ. (6 ML)
CARDED BOTTLE, 12 PER CASE

Black RTV Silicone
Forms gaskets in place instantly. Replaces cork, paper, asbestos and felt pre-cut gaskets. Dries tough and flexible. Resists high pressure and temperatures from -80°F to 600°F (-62°C to 315°C). Resists oil, antifreeze, grease, and transmission fluids. For use on oil pans, rear end housings, water pumps, valve covers, thermostat housings. Seals windshields, sunroofs, doors lights and hose connections.

PART # 803-27106 • MFG# 27106

Clear RTV Silicone Adhesive & Sealant
Bonds, seals, caulks, and insulates. Withstands temperatures from -70°F to 500°F (-60°C to 260°C). Resists oil, transmission fluid, grease, water and antifreeze. Provides a water proof seal and remains flexible. For bonding and sealing glass, metal, leather, vinyl, and rubber. Seal tail lamps, electrical wires and windows.

PART # 803-80066 • MFG# 80066

Red Hi-Temp RTV Silicone
Specially formulated for high temperature applications to 700°F (370°C). Safe for all car models. Won’t foul computer sensors. Resists high pressures to 5,000 psi. Resists oil, antifreeze grease, and transmission fluids. Dries flexible. Resists shrinking and cracking. For use on exhaust manifolds, timing covers and most hi-temp applications.

PART # 803-80726 • MFG# 80726

**GASKET SEALER**
Sets quickly but stays tacky, never becomes brittle or hard. Gaskets stay in place, yet are easily removed at time of disassembly.

Cork gaskets that have shrunk can be stretched and held with gasket sealer.
